

NO TO THE DICTATORSHIP, NO TO THE ELECTORAL FRAUD, NO TO THE ABUSE OF POWER, NO TO THE REPRESSION AND THE VIOLATION OF THE HUMAN RIGHTS OF THE HONDURAN PEOPLE.

Hondurans in Europe, we call on the international community, to solidarity with the difficult situation that Honduras is currently experiencing. The current crisis is a direct consequence of the political crisis triggered by the coup d'état in 2009, where structures of power were imposed that led to the deterioration of the Law State, these structures are still valid today.

On November 26, our brothers and sisters in Honduras left massively to exercise the Suffrage. They raised their voices at the polls and said NO outright to the illegal re-election of **Juan Orlando Hernández**, (who in 2009 was an important promoter of the coup d'état); Unfortunately himself, making use of numerous tricks and having as allies Main to: **the president of the TSE Supreme Electoral Court, David Matamoros Batson**, almost All Media (television, radio and all the press) of Honduras, the Army, the military police and some observers of the International Community among others, to consolidate and perpetrate the DICTATORSHIP in Honduras.

Provoking in this way, the indignation of the majority of Hondurans people. Whith which, they are being scammed by not respecting the decision of the people in the voting, where clearly has been done the ELECTORAL FRAUD.

From Europe we manifest and we stand in solidarity with the population that resists and defends its rights to have a Honduras free of dictatorships and we say:

1. That they are not alone, that from here we will do everything that is in our hands to inform the international community of the current crisis in Honduras.
2. That we will not recognize the fraudulent and illegal proclamation of Juan Orlando Hernández.
3. That we will maintain a constant Manifestation until the will of the people of Honduras is respected.
4. That we are outraged by the 17 dead; innocent victims of this political crisis and that we add to the pain of their relatives, friends and all the Honduran people who live this mourning.
5. That we will promote “the day of the Non Remittance” (El día de la no remesa) in all the cities and countries possible of the world, for the State of Honduras to feel the value and weight of our contribution for our economic to the country. This should not be seen as a punishment to our relatives and beneficiaries. It is a punishment to the economic system that is in hand of the **CORRUPT businessmen and politicians who keep our country underdeveloped.**

The remittances sent by Hondurans from abroad represent 20% of the Product Gross Domestic Product (GDP), an indicator that exceeds 20,000 million dollars.

We say NO to the Dictatorship, NO to the ELECTORAL FRAUD, NO to the abuse of power, No to the repression and the violation of the human rights of the Honduran people.

December 2017,

Community of Hondurans in Europe.
